Product Name：Pillar Type Fire Hydrant

Safety Plus Industrial Co., ltd is a manufacturer and trader company providing pillar type fire hydrant, street fire hydrant and other industrial fire hydrant with superior quality, which meet the industry standards. We also provide full range fire products for fire fighting industry.

Introduction

Pillar type fire hydrant, also called a fireplug, fire pump is a component by which firefighters can can tap into a water supply. It is used for water supply to fire trucks or directly connected to water hoses and nozzles for fire fighting. It is a special facility for outdoor fire water supply. Its upper part is exposed to the ground for easy recognition, and easy to use.
